3.1 General

Service is offered to Incarcerated People in Correctional Institutions for outward-only calling. Calls may be billed to residential or business lines. Billing information will be validated.

3.2 Timing of Calls

Billing for calls placed over the Company network is based in part on the duration of the call as follows, unless otherwise specified in this Tariff:

- 3.2.1 Charges are based on the actual usage of the Company's network. Timing of a call begins when the called party accepts the charges for the call. Positive response for acceptance of a call is required. A call will be terminated within five (5) seconds from the last message given if no positive response is received. For Collect Calls, charges apply only if the called party accepts the responsibility for payment.
- 3.2.2 Chargeable time for calls ends when one of the parties disconnects from the call.
- 3.2.3 Unless otherwise specified in this Tariff, the minimum initial period for billing purposes is one (1) minute.
- 3.2.4 Unless otherwise specified in this Tariff, billing for usage after the initial period is in full one (1) minute increments.
- 3.2.5 The Company will not knowingly bill for unanswered calls. When a Customer or Incarcerated Person indicates that it was billed for an incomplete call, the Company will reasonably issue credit for the call.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

3.3 Calling Restrictions and Safety and Security Measures

For services provided to Incarcerated People, the following special conditions apply:

1. Calls to "900", "976" or other pay-per-call services are blocked by the Company.
2. At the request of the Institution, the Company may block access by Incarcerated People to toll-free numbers (e.g., 800, 888) and dialing sequences used to access other carriers or operator service providers (e.g., 950-XXXX, 10XXXX).
3. At the request of the Institution, the Company may block access by Incarcerated People to "911", "411", or local operators reached through "0-" dialing.
4. At the request of the Institution, the Company may block access by Incarcerated People to specific telephone numbers.
5. Availability of the Company's services may be restricted by the Institution to certain hours and/or days of the week.
6. At the request of the Institution, no notices or signage concerning the Company's services will be posted with its instruments. Information concerning the Company's services is provided to the administration of each Institution where the Company's services are offered. Incarcerated People may obtain information regarding rates and charges by requesting such information from the Institution's administration.
7. At the request of the Institution, the Company may impose time limits on calls.
8. At the request of the Institution, equipment may be provided which permits monitoring of Incarcerated Person calls by legally authorized government officials.

3.4 Institutional Operator Assisted Calling

Institutional operator assisted service allows Incarcerated People to place Collect calls through an automated call processing system. The call processing system prompts the Incarcerated Person and the called party such that the call is completed without live operator assistance. Calls are placed on a Collect-only basis to the called party.

A number of special blocking and screening capabilities are available with institutional operator services provided by the Company. These capabilities allow Institutions to control Incarcerated Person access to telecommunications services, reduce fraudulent use of the Company's services, and eliminate harassing calls to persons outside the Institution.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

3.5 Calls Using AdvancePay® Accounts

In those areas where the Company does not have a direct billing agreement with the existing local exchange carrier, or upon a Customer's request, the Company will set up an AdvancePay® Account for friends and family who are called parties (Customer) for the payment of Collect calls made to the Customer placed from Institutions served by the Company. Funds in the Customer's account may be used for payment of Collect calls placed by Incarcerated People to only those telephone numbers specified by the Customer. Establishment and maintenance of an account are required to complete Collect calls to Customers served by local exchange carriers with which the Company does not have an existing direct billing and collection agreement.

Upon request, the Company will provide the Customer with a personal identification number (PIN) and a toll-free number to call in order to set up the account information, including the permissible numbers that the Incarcerated Person may call.

Additional deposits will be accepted with a \$50.00 deposit maximum unless a Correctional Institution requires a different practice. Initial and additional deposits into the account may be made by cash, check, credit card, or Western Union. Transaction fees will apply for credit card and check by phone transactions. All deposits will be subject to applicable taxes and fees.

When an Incarcerated Person places a call, the Customer is informed of both the caller's identity and the account balance prior to accepting the call. Customers may also review their account online or contact the Company's toll-free customer service number for account balance information at any time. If the account balance is insufficient, calls placed to the numbers specified by the Customer will not be completed until the account is replenished.

Account holders may seek a refund of unused balances by contacting customer service. Unless applicable law or a Correctional Institution requires a different practice, accounts will become inactive after 180 consecutive days of inactivity or non-use and are subject to conversion as set forth below after 270 consecutive days of non-use or no activity. The Company will make reasonable efforts to inform account holders that their account has unused funds. If the account holder provides sufficient contact information and affirmatively agrees to receive notifications, the Company will provide text message and/or email notice to the account holder of unused funds. Account holders will have 270 days from the date of the last activity associated with the account to request a refund of any unused account balance. If an account is used at any point during the inactivity period, the 180-day period will restart. Upon receipt of a verified refund request during the 270-day period, any remaining balance in an account will be refunded to the account holder after deducting any call charges, applicable taxes, and fees incurred during the current billing cycle. After 270 days of continuous account inactivity, any remaining funds will no longer be available and will be automatically converted to (and used to pay for) audio calling minutes in the Company's free calling program.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

3.5 Calls Using AdvancePay® Accounts, (cont'd.)

All security measures and Incarcerated Person calling restrictions as set forth elsewhere in this Tariff are also applicable for any calls made using an AdvancePay® Account.

3.6 Calls Using Prepaid Debit Accounts

A Prepaid Debit Account allows each Incarcerated Person the option to transfer funds from his/her personal account to his/her telephone account or to purchase a voucher to add funds the Prepaid Debit Account. The transfer of funds is managed by Correctional Institution personnel or through a direct interface between the commissary system and/or booking account and the Incarcerated Person phone system. The Prepaid Debit Account is associated with the Incarcerated Person's Personal Identification Number (PIN.) When the Incarcerated Person places a call, he/she has the option of making a Collect call or using funds from the Prepaid Debit Account. Once the Prepaid Debit Account is selected, the Incarcerated Person enters the PIN and called telephone number. All deposits to the account are paid to and handled by the entity managing the account, *e.g.*, jail management system, Institution, commissary, etc. The Company receives payment from the Institution; it does not engage in direct monetary transactions with the Incarcerated Person.

The Company's system automatically informs the Incarcerated Person of the available usage balance remaining in the Prepaid Debit Account and provides prompts to place the call by entering the destination telephone number. Usage is deducted from the available balance in the account on a real-time basis as the call progresses.

Unless state law or a Correctional Institution requires a different practice, reasonable efforts will be made to refund any unused funds in a Prepaid Debit Account to the Incarcerated Person upon release of the Incarcerated Person from the Correctional Institution. Refunds are issued by the entity managing the account, which depending on the specific arrangements, is either the Company, the commissary, the Correctional Institution itself or its agent, unless otherwise directed by state law.

All security measures and Incarcerated Person calling restrictions as set forth elsewhere in this Tariff are also applicable for any calls made using a Prepaid Debit Account.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

3.7 Rates and Charges

Voice calls made using the services set forth in Sections 3.4, 3.5, and 3.6 above shall be charged at the following maximum per-minute rates or less per the request of the Correctional Institution.

Pursuant to the FCC's Report and Order, Order on Reconsideration, and Further Notice of Proposed Rulemaking, FCC 25-75 (released November 6, 2025) ("2025 FCC Order"), new per-minute voice calling rates will be implemented at each Correctional Institution in accordance with the standards set forth in the 2025 FCC Order. Once implemented at a specific Correctional Institution, the 2025 FCC Order per-minute voice calling rates will be no more than:

Prison (any ADP)	\$0.11 per minute
Large Jail (1000+ ADP)	\$0.10 per minute
Medium Jail (350-999 ADP)	\$0.12 per minute
Small Jail (100-349 ADP)	\$0.13 per minute
Very Small Jail (50-99 ADP)	\$0.15 per minute
Extremely Small Jail (0-49 ADP)	\$0.19 per minute

Pursuant to the FCC's Third Report and Order, Order on Reconsideration, and Fifth Further Notice of Proposed Rulemaking, FCC 21-60 (released May 24, 2021), the jurisdictional nature of an intrastate call depends exclusively on determining that the physical location of the originating and terminating endpoints of the call are in the state. To the extent that location data is not available, a call will be treated as an interstate call and subject to FCC jurisdiction unless the law requires otherwise.
